📧 GitHub: <https://github.com/anitakainth1>

OBJECTIVE

Driven B.Tech student specializing in AI, ML, and web technologies, seeking an internship to deepen practical expertise in software development, contribute to meaningful projects, and advance problem-solving and collaboration skills in a dynamic environment.

TECHNICAL SKILLS

Programming Languages: Java, Javascript, Python, C++

AI & ML: Scikit-Learn, NumPy, Pandas, Matplotlib, Seaborn, Wordplot, Data preprocessing, Univariate Analysis

Web Development: HTML, CSS, Bootstrap, DOM

Databases: MySQL, MongoDB

Concepts: Data Structures & Algorithms (DSA), OOP

Tools: Tableau, Power BI, Linux

Version Control : GitHub

SOFT SKILLS

Problem-Solving | Time Management | Learning Agility | Leadership | Quick Learning | Team Collaboration | Innovation

EXPERIENCE

AI Trainer (Intern)

AISECT | Dec 2025 – Mar 2026

- Delivered foundational training sessions on AI concepts and emerging technologies
- Simplified complex AI concepts into easy-to-understand learning modules

PROJECTS

COURSE/UPSKILL RECOMMENDATION BASED ON THE CURRENT SKILL SET AND FUTURISTIC JOB CONVERGENCE |

Python, Machine Learning

- Developed a personalized recommendation system using collaborative and content-based filtering techniques.
- Implemented user-based and item-based collaborative filtering with cosine similarity in Python.
- Engineered features from user interaction data (clicks, ratings, cart activity) to improve predictions.

DRUG DISCOVERY SYSTEM | Python, Pandas, Scikit-Learn

- Designed an ML-based system to predict bioactivity of compounds against target proteins.
- Built an interactive web dashboard (Streamlit/Flask) for real-time predictions.
- Trained Support Vector Machine (SVM) models on molecular descriptor data.

CERTIFICATIONS

- Data Analytics – Novitech
- Machine Learning – Alison
- Java Programming – Udemy
- Python 3 Bootcamp – Lernoiox
- Tableau Data Visualization – Great Learning
- Rise of Multiagent Systems – IBM SkillsBuild
- JavaScript Programming – Lernoiox

EDUCATION

- Lamrin Tech Skills University, Ropar, Punjab – B.Tech in AI & ML 2023
